COVID-19

Critical Care

Alliance

Today...

FLCCC Alliance

Dedicated to treating COVID, Long COVID and vaccine injuries

Building & expanding for other chronic diseases

Focus on value of repurposed drugs

Patient empowerment & education

ALWAYS conflict free: Patients over Profits

Lead a movement with shared values

What Business Are We In?

FROM:

- Alliance of world-renowned physicians
- Providing treatment protocols & medical education
- Focused on COVID and Vaccine Injuries
- A grassroots coalition of allies -- both providers and consumers

TO:

- Leaders focused on creating community of:
 - Healthcare Professionals
 - *And* Consumers , Patients, Advocates
- Believe the current medical is system is irreparably broken
- Desire to be part of building a new medical model

Why Is This Important?

- COVID has exposed a broken system
 - Monolithic and captured
- People & providers have lost faith
- Relationships have suffered ... jobs lost ... uprooted lives
- Many forced to treat at home -- emerged as “citizen scientists”.
- Return to the principles of age-old doctoring.
 - Puts patients first
 - Prevention. Empowerment. Long-term wellness.

How Do We Plan to Approach?

- Mobilize existing communities
- **Join together!**
 - Unite and work towards building a better healthcare system!
- Create the place and tools to attract a massive community:
 - Independent healthcare providers
 - Health enthusiasts & concerned consumers
- Advocate for the free practice of medicine & patient rights.
